THE STATESMAN

THOMAS JEFFERSON SENIOR HIGH SCHOOL

Cedar Rapids, Iowa

Volume IV

1960-1961

W. L. PAXSON, PRINCIPAL

Principal's Message

The 1961 Jefferson Statesman is an important record in the lives of 1200 students. The record of all does count in this community. The efforts of all have an important bearing on later success. Not all success will be measured by the "lessons learned" but in the "habits of work" and "character acquired" while at Jefferson.

We sincerely hope that all Jefferson students will be a credit to their school and community. The years at Jefferson have been only a start, and we hope a good start along life's pathway.

May I personally wish the "best of everything" for all. Good Luck!

SENIORS

CLASS OF 1961

Remember the Senior Prom--the splendor of graduation--the solemnity of baccalaureate and the hilarity of the faculty--senior basketball game. Yes, we all remember, and we all have memories of our fine years at Jefferson. Memories which nobody can replace and which nobody can take away. Now a new chapter is to be written in each of our lives. The preface was shaped in Jefferson High; the chapter has yet to unfold. The preface is the key to start in life and the memories of Jefferson are the key to the preface. It makes no difference whether you find yourself to be a teacher, lawyer, factory worker, businessman, or doctor; just set a goal--strive for that goal, and you will have written a flawless chapter. Filled with our memories, it is time to say good-bye; time to leave that school "High on the Hill"; time to go our separate ways.

INTERNATIONAL CLUB

I wish that every Jefferson student could have the same opportunity that I had last summer. I lived in Berlin with a German family. Living with a people in a different environment can be very enlightening. I believe the only way we will ever have peace is by understanding the other cultures in our world.

Ken Buch

Jefferson's AFS student, Ken Buch, is talking over his trip with the International Club advisor, Miss Hrubesh.

I was so excited to be coming to America. I believe that everyone in the world agrees that the United States is the best country, so I am very happy to be settled among you. Since I have been here I know how fortunate I am. I came to a new country not knowing anyone and suddenly I found the American people very friendly. I want to say many things to you from deep in my heart. I love our Jefferson High School and everyone here as much as I love my folks and my friends in my native land in Southeastern Asia.--

Oudone (Donnie)
Voratanouvong Laos

I have always dreamed how wonderful it would be to come to America and to learn everything about this country, but I never thought that I would be so fortunate as to really come here. This was beyond my imagination. The many different activities, school and meeting all these wonderful people made time go by too fast.--

Barbara (Barb) Metzner
Germany

When I thought of the U.S.A., I thought of a far away land with blonde men with crew-cuts and lovely Hollywood women.

Now my idea has changed. It has changed thanks to you, my friends and classmates of Jefferson. It has changed because of the spirit of America's youth shown in most school activities.

If this spirit of friendship shown to me is the real spirit that moves U.S.A., I believe the World has something to look forward to.

For this friendship you have offered me, I say once more: "THANK YOU, Brothers and Sisters of U.S.A."--
